

THE LAND PLANNING AND DEVELOPMENT (GUERNSEY) LAW, 2005
AND THE LAND PLANNING AND DEVELOPMENT (GENERAL PROVISIONS)
ORDINANCE, 2007

NOTIFICATION OF GRANT OF PLANNING PERMISSION

PROPOSALS: Remove existing switch gear and fencing and erect distribution pillar.

LOCATION: Blanc Bois, Rue Cohu, Castel.

APPLICANT: Guernsey Electricity Ltd

This permission is granted under the terms of Sections 15 and 16 of the Land Planning and Development (Guernsey) Law, 2005 (the 'Law').

Date of Grant of Permission: 29/03/2023

This notification of grant of permission refers solely to the proposals referred to above as described in your application received as valid on 07/02/2023 and the drawings referred to below. This grant of permission is subject to the following conditions:-

Drawing Nos: Guernsey Electricity - 0052 P02-01-69 D04/2A

Application Ref: FULL/2023/0298

Property Ref: D016520001

Conditions and reasons:-

1.All development authorised by this permission must be carried out and must be completed in every detail in accordance with the written application, plans and drawings referred to above. No variations to such development amounting to development may be made without the permission of the Authority under the Law.

Reason - To ensure that it is clear that permission is only granted for the development to which the application relates.

2.The development hereby permitted shall be begun within 3 years from the date of grant of this permission.

Reason - This condition reflects section 18(1) of the Land Planning and Development (Guernsey) Law, 2005 which states that planning permission ceases to have effect

unless development is commenced within 3 years of the date of grant (or such shorter period as may be specified in the permission).

3. The development hereby permitted and all the operations which constitute or are incidental to that development must be carried out in compliance with all such requirements of The Building (Guernsey) Regulations, 2012 as are applicable to them, and no operation to which such a requirement applies may be commenced or continued unless (i) plans relating to that operation have been approved by the Authority and (ii) it is commenced or, as the case may be, continued, in accordance with that requirement and any further requirements imposed by the Authority when approving those plans, for the purpose of securing that the building regulations are complied with.

Reason - Any planning permission granted under the Law is subject to this condition as stated in section 17(2) of the Land Planning and Development (Guernsey) Law, 2005.

Expiry Date: This permission will cease to have effect on 28/03/2026 unless development is commenced by that date.

ADVICE AND OTHER REMARKS:-

The application site is located within an area of known archaeological importance and your attention is drawn to the provisions of the Island Development Plan, Annex VIII on Archaeological Assessment.

It is desirable that access be granted to the States Archaeologist, Culture & Heritage Service, and that you contact them to gain advice or make arrangements for archaeological recording during any earth moving on the site.

The Archaeology team can be contacted on 01481 220729 or 01481 220722 , or mobiles 07781 102219 or 07911 721210 .

Effect of planning permission:

Section 18 of the Land Planning and Development (Guernsey) Law, 2005 ('the Law') defines the effect of the planning permission hereby granted, namely:

(1) Planning permission ceases to have effect unless the development permitted by it is commenced within a period of three years immediately following the date on which it is granted (or such shorter period as may be specified in the permission).

(2) Planning permission enures for the benefit of the land concerned and of every person for the time being having an interest in it.

(3) Any conditions subject to which planning permission is issued are enforceable in accordance with the provisions of Part V of the Law.

(4) Planning permission for the erection of a building is only permission to use it for the purpose specified in the permission or, subject to any restriction so specified, for any other purpose for which it is designed.

(5) Planning permission is only permission to carry out the development specified in it (subject to any conditions so specified), and does not imply the giving of any other approval or consent required under this Law or any other enactment or under any rule of law.

Right of appeal against planning decisions:

Your attention is drawn to the provisions of Section 68(1) of the Land Planning and Development (Guernsey) Law 2005, which provides a right of appeal, on the merits against a decision to grant planning permission subject to conditions (except a building condition), to the Planning Tribunal, which is independent of the States of Guernsey. An appeal to the Planning Tribunal under section 68 of the Law against this decision must be made before the expiry of the period of six months beginning with the date on which the Authority made this decision. The official Appeal Notice Forms are available on the States of Guernsey website at www.gov.gg/planningpanel and must be completed with all enclosures in multiples as requested and received within the six months deadline.

Copy of representations made:

In reaching this decision the Authority took into account any written consultations made under Section 11(1) of the Land Planning and Development (General Provisions) Ordinance, 2007 ('the Ordinance'). A copy of any consultation responses made under section 11 will be included with this decision in accordance with section 19 of the Ordinance.

Other Remarks:

Please note that any work which abuts or affects the public highway requires prior approval by Traffic and Highway Services. Please contact Traffic & Highway Services (highways@gov.gg) for further advice. You must also ensure that any access/es to the development are constructed to meet the existing road/footway levels in accordance with their requirements.

This document is not a Building Licence and confers no approval under the Building Regulations.

A separate Building Control Licence may be required and it is the responsibility of the developer to ensure that ALL necessary consents are obtained and that any pre-commencement conditions are discharged prior to development being commenced.

OFFICER'S REPORT

Brief Description of the site:

The site is to the north of Rue Cohu and is an open plot of land with a driveway leading to a residential development known as Les Blanc Bois. Close to the south boundary with the road is a Protected Monument, to the northwest of the monument is some electrical equipment. The property is located Outside of the Centres as defined in the Island Development Plan.

Relevant History:

FULL/2015/1279 - Installation of open mesh security fencing around electrical equipment – Approved July 2015.

Existing Use(s):

Electrical small scale infrastructure.

Assessment: *(Tick as appropriate)*

no representation	☒	visual amenity acceptable	☒
accords with policy	☒	no material neighbour impact	☒
within curtilage	☒	traffic not affected	☒
design acceptable	☒		

Policies considered most relevant:

GP6: Protected Monument

GP8: Design

IP11: Small-Scale Infrastructure Provision

Conclusion/Brief comment:

The application is to remove the existing switch gear and fencing and erect a smaller distribution pillar.

Initially the drawing showed the cables under the protected monument being connected to the new distribution pillar and it was unclear whether any work was to be done in and around the protected monument. The application was deferred to get clarity on the issue.

The agent replied to the query and has said that the cables which currently are laid below ground close to the protected monument will be decommissioned and new cables will enter the site approximately 2m to the west of the protected monument, and be connected to the distribution pillar away from the monument, to ensure the monument is preserved as is in situ.

Now that it has been confirmed that there will be no works close to or around the Protected Monument, the proposals are considered to be acceptable and will enhance the character of the area because the new distribution pillar is much smaller and less impactful than the existing electrical equipment and fence.

Confirmation has been received that the development proposed has been designed to take into account matters of energy efficiency and current Building Regulations in accordance with Policy GP9.

The proposals are considered to conform to the above policies of the Island Development Plan and grant of permission is recommended, subject to conditions.

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land and Planning (General Provisions) Ordinance 2007 have been taken into account in the assessment of this application.

Recommendation:

Grant with Conditions
