Conclusion/Brief comment:

This application is to remove a section of hedge and erect a fence, demolish the existing shed and replace it with a new shed to the southeast corner of the garden of Springbank.

Initially the proposed 1.8m fence was to run the full length of the boundary, but part of the fence is in front of the building line, where usually a boundary treatment is lower in the interests of visual amenity and the character of the area. The application was deferred to seek amendments and the amended drawings show the fence remaining at 1.8m high with a new hedge on the eastern side to provide screening to the fence.

The reason for the hedge removal and shed replacement is that the eastern boundary of Springbank is to be moved 1m to the west, to give the neighbouring property, Edom Place, pedestrian access around the property. The existing shed will be demolished and the new shed located 2m to the west of the existing shed.

Springbank's southern boundary is a high mature hedge which provides a lot of privacy for the rear garden. Edom Place has a low wall as the south boundary so should the fence forward of the building line be lowered it would give views into the rear private amenity space of Springbank. Therefore allowing the fence to remain at the 1.8m height the privacy of the rear garden would be maintained.

However, it is the views from the east looking west along Rue de Houmet, which would be compromised, with a high fence forward of the building line. By planting a new hedge within Edom Place, to the east side of the new fence, the views would be softened and would look more like the existing vista.

With the new hedge planting mitigating the issues, the proposals are now considered to conform to the above policies of the Island Development Plan and grant of permission is recommended, subject to conditions.

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land and Planning (General Provisions) Ordinance 2007 have been taken into account in the assessment of this application.
