OFFICER'S REPORT

Brief Description of the site:

The property known as 'Meribel' is a pre-1900's granite faced cottage which has had a second storey added. The property is set back from and faces southwest onto Rue des Varendes, there is an attached granite faced bungalow to the northwest and open land to the southeast and a detached neighbour to the northeast. The property has a Protected Monument in the southeast corner, comprising the Parish Boundary Stone. The property is located Outside of the Centres as defined in the Island Development Plan.

Conclusion/Brief comment:

This application is to remove a section of roadside boundary wall to increase the vehicular opening from 3.3m to 5m, leaving approximately 2.5m of granite boundary wall.

The property lies outside of the centres and is not within a conservation area. Furthermore the road is one of the main artery roads on the island, and is consequently a very busy road. At present the driveway accommodates two vehicles, but they cannot both manoeuvre in and out of the current 3.3m access.

The generally accepted maximum vehicular opening is 5m, and in this case 5m is considered to be the optimum opening which allows better access to and from the property and keeps a good percentage of the granite roadside boundary wall.

Due to the ability to keep a third of the wall the proposals are not considered to have any detrimental impacts on the character and appearance of the surrounding area, nor will it have any adverse effects on neighbour amenity.

The vehicular opening is to the west end of the southwest boundary and the section of wall to be removed is away from the Protected Monument. Due to the amount of wall being retained the impacts on the Protected Monument are considered to be minimal and the proposals are deemed acceptable by GP6.

The proposals are considered to conform to the above policies of the Island Development Plan and grant of permission is recommended, subject to conditions.

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land and Planning (General Provisions) Ordinance 2007 have been taken into account in the assessment of this application.
