OFFICER'S REPORT

Brief Description of the site:

The property known as 'Jardin Clouet' is a large detached dwelling which sits to the west of the overall parcel of land. The domestic curtilage is in the southwest corner of the land. Rue des Roquettes runs along the west boundary, with the vehicular entrance off this road and Candie Road runs along the south boundary. To the north and east are open agricultural fields and there are other detached neighbours across the roads to the west and south. The property is located Outside of the Centres and within the Agriculture Priority Area as defined in the Island Development Plan.

Conclusion/Brief comment:

This application is to erect a 1.2m high green plastic link fence along the inside of the existing hedge along the west and south boundaries and a 1.2m high timber post and rail fence and gate along the east domestic curtilage line up to the dwelling and return to the east elevation of the property. The fencing is to dog proof the garden as well as being used to help delineate the domestic curtilage from the agricultural land.

The roadside fence will not be seen from the roadside and any public viewing points, due to the thickness of the mature hedging. It is also replacing a previous chain link fence, which has deteriorated over time. The green chain link fencing is considered the right type of fencing to be used in this location as it will blend in with the surrounding planting. The height of the fence is also considered appropriate.

The timber post and rail fencing delineating the domestic curtilage along the east side of the property is considered appropriate for the area in style and height. Therefore the proposals are not considered to impact the character of the area, nor will they have any adverse impacts on any neighbouring properties.

The proposals are considered to conform to the above policies of the Island Development Plan and grant of permission is recommended, subject to conditions.

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land and Planning (General Provisions) Ordinance 2007 have been taken into account in the assessment of this application.
