OFFICER'S REPORT

Brief Description of the site:

The property known as 'Notre Reve' is a two storey semi-detached mid-20th century dwelling which is set back from and faces north onto Route de la Mare de Carteret. The other semi is attached to the east, with other pairs of semi's to the east and west, large detached dwellings to the north across the road and La Mare de Carteret School Playing fields to the south. The property is located Outside of the Centres as defined in the Island Development Plan.

GP13: Householder Development

Conclusion/Brief comment:

This application is to demolish and rebuild the granite boundary wall to match the semi-detached neighbour's granite boundary wall to the east and include granite pillars either side of a slightly widened vehicular access.

The proposal removes an existing curved section of low granite wall which increases the width of the access from 3.95m to 4.6m. There are many different sized accesses, the majority of which are granite roadside boundary walls. This proposal will unite the pair of semi's with matching boundary walls, which is considered to improve visual amenity.

The proposals are considered to conform to the above policies of the Island Development Plan and grant of permission is recommended, subject to conditions.

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land and Planning (General Provisions) Ordinance 2007 have been taken into account in the assessment of this application.
