Conclusion/Brief comment:

This application is to remove the existing hedge which surrounds the roadside boundaries to the west and south and to replace the hedge with a 1.8m high fence.

Initially the application was deferred to ask the applicant to lower the fence, as the surrounding area roadside boundaries are generally low walls and fences or hedges.

The applicant has agreed that the roadside height of the fence shall be reduced to 1.5m, which would prevent barricading and preserve the visual amenity, but due to the lowered garden the fence will feel higher and more private from the property's garden.

The proposals are not considered to impact the character and amenity of the surrounding area, nor will they have any detrimental impacts on neighbour amenity.

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land and Planning (General Provisions) Ordinance 2007 have been taken into account in the assessment of this application.
