Conclusion/Brief comment:

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land and Planning (General Provisions) Ordinance 2007 have been taken into account in the assessment of this application.

The proposed alterations to the garage together with the proposed extension adopt a good standard of design, and despite being visible from public vantage points, the proposal will not have a detrimental impact on the character of the area, visual amenity, or the amenities of neighbouring residents.

Based on the above, the application is considered compliant with the relevant Island Development Plan policies, accords with the purpose of the Law, and the requirements of the material considerations; it is therefore recommended that planning permission be granted, subject to conditions
