OFFICER'S REPORT

Brief Description of the site:

The site known as 'De Beauvoir Terrace' is a terrace of eight three storey Victorian dwellings which are set far enough back from (and face northeast) onto Les Graves that there is a vehicular entrance and an exit from and onto the road with private car parking in front of the dwellings. To the northwest and southeast are other detached dwellings, to the northeast across the road is a hotel and to the southwest is St Stephen's Lane and other properties. The property is located in the St Peter Port Main Centre Outer Area and is within a Conservation Area as defined in the Island Development Plan.

Conclusion/Brief comment:

This application is to remove a small section of roadside boundary wall to widen the 'exit' vehicular opening in the roadside boundary wall.

At present the 'entrance' access is a little over 4m which is a good width for a vehicular opening in a roadside boundary. The existing 'exit' access is currently around 2.7m, which is proving tight for larger vehicles. The proposal is to remove approximately 1.34m to enlarge the opening to the same size as the other access.

The extent of the roadside boundary for the terrace is approximately 67m. With just over 8m of boundary wall removed for two openings, 59m of original roadside boundary will remain, thus the majority of the wall will remain in situ preserving the special quality of the character and appearance of the surrounding conservation area.

The proposals are considered not to impact on any neighbour amenity. The proposals will not impact on highway safety, or effect the number of car parking spaces on site.

Confirmation has been received that the development proposed has been designed to take into account matters of energy efficiency and current Building Regulations in accordance with Policy GP9.

The proposals are considered to conform to the above policies of the Island Development Plan and grant of permission is recommended, subject to conditions.

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land and Planning (General Provisions) Ordinance 2007 have been taken into account in the assessment of this application.
