Conclusion/Brief comment:

The proposal is for an additional 1.5m extension to the rear of the previously approved 4.4m rear flat roof extension. The proposal is acceptable in terms of the impact on neighbours due to the single storey design and distance from the neighbouring dwellings. The visual impact is limited due to the enclosed nature of

the site and the small-scale increase, and the proposal accords with the relevant policies.

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land Planning and Development (General Provisions) Ordinance, 2007 have been considered in the assessment of this application.
