OFFICER'S REPORT

Brief Description of the site:

The application site comprises two dwelling-houses located to the east of Vale Road. The properties are located in a Main Centre Outer Area as designated in the Island Development Plan.

Planning permission was granted earlier this year to remove a section of the roadside wall to widen the vehicle access to Elland Place (part retrospective) and create a new vehicle access to Yorkshire Cottage. The existing walls are constructed in granite.

Planning permission is now sought to render the internal faces of the walls within the front gardens (north and south boundaries) and the roadside wall.

Conclusion/Brief comment:

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land Planning and Development (General Provisions) Ordinance, 2007 have been taken into account in the assessment of this application.

The character of the surrounding area is fairly mixed in terms of the finish of roadside boundary treatments, therefore finishing the walls in question in smooth render would not undermine the character or appearance of the locality. In addition, the site is not a protected building, nor is it sited within a Conservation Area. In these less sensitive areas, a degree of flexibility is given to the householder to alter their property to enable a degree of freedom with regards to design matters, in this case changing the finished appearance of the walls from granite to render.

Overall, the development adopts a good standard of design for the purposes of Policy GP8 and will not have a detrimental impact on the character of the area, visual amenity, or the amenities of neighbouring residents.

Sufficient information has been submitted that has taken into account the criteria of Policy GP9 (Sustainable Development).

Based on the above, the application is considered compliant with the relevant Island Development Plan policies, and accords with the purpose of the Law and the Material Planning Considerations. It is therefore recommended that planning permission be granted, subject to conditions.
