Conclusion/Brief comment:

The proposed extensions require permission due to their proximity to the boundary in combination with the introduction of new glazing and a pitched roof. The proposed 0.9m timber fence to be positioned on top of the existing wall would also require permission. These works are considered acceptable under Policy GP13 and GP8.

Many other elements of the proposal are exempt works and do not require planning permission- including the bifold doors, replacement windows, new rooflights to the front/south, and introduction of solar panels.

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land and Planning (General Provisions) Ordinance 2007 have been taken into account in the assessment of this application.

The application is acceptable in relation to the above policies and other material planning considerations.
