### Conclusion/Brief comment:

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land Planning and Development (General Provisions) Ordinance, 2007 have been taken into account in the assessment of this application.

One letter of objection has been received regarding the proposed increase in height of the new extension and impacts on a neighbouring property through overshadowing. Although this has been considered, it is not considered that the impact on the neighbour will be so significantly detrimental, beyond that which is currently experienced and acknowledged within the letter of representation to warrant a refusal.

The application is acceptable in relation to the above policies and other material planning considerations.
