OFFICER'S REPORT

Brief Description of the site:

The property known as '4 Valnord Estate' is a mid-terrace two storey mid-20th century estate dwelling, which is set back from and faces southeast onto Valnord Estate road, the attached dwellings are to the southwest and northeast. Collings Road runs along the north boundary at a lower level beyond the garden. The property is located in the St Peter Port Main Centre Outer Area as defined in the Island Development Plan.

Conclusion/Brief comment:

This application is to erect a shed close to the northwest rear boundary and 1.5m high fencing either side of the garden.

The 1.5m high fencing is to be installed inside the existing post and wire fence, it would be within the exempt height for a fence at the rear of domestic dwelling had Collings Road not been adjacent to the north boundary. However, the north boundary granite wall is approx. 1.3m high in the garden is over 3m high on the roadside, which means that anything installed in the garden is unlikely to be seen. Therefore the 1.5m high fence panels are considered to be acceptable.

The shed is to be 4.27m x 2.44m = 10.41sqm and it will be sited facing the rear of the property with room around for maintenance, leaving a good 6m of garden between

the dwelling and the shed, which is considered ample for the site and size of property. Due to the fact the rear garden is adjacent to a main road means that even if the shed was within the 10sqm size it would require planning permission. However, as the shed is sited away from the northern boundary and due to the height of the wall on the roadside it is unlikely that the shed will be seen from Collings Road, and therefore it is considered acceptable.

The scale and massing of the new shed and fencing are not considered to have a detrimental effect on the character and amenity of the surrounding area, nor will they have any impacts on either of the immediate neighbours.

The proposals are considered to conform to the above policies of the Island Development Plan and grant of permission is recommended, subject to conditions.

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land Planning and Development (General Provisions) Ordinance, 2007 have been taken into account in the assessment of this application.
