Conclusion/Brief comment:

The application proposes the replacement of 6 x existing windows and a door. Three of the windows and the replacement door do not need planning permission as they are like-for-like replacements and so are exempt development.

Two of the windows are to be replaced with a tilt and turn fire exist window to open onto the existing roof terrace and one window is to be replaced with a casement window.

The replacement windows are to be uPVC which is considered acceptable as the site is located outside the Conservation Area.

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land Planning and Development (General Provisions) Ordinance, 2007 have been taken into account in the assessment of this application.
