

THE LAND PLANNING AND DEVELOPMENT (GUERNSEY) LAW, 2005
AND THE LAND PLANNING AND DEVELOPMENT (GENERAL PROVISIONS)
ORDINANCE, 2007

NOTIFICATION OF GRANT OF PLANNING PERMISSION

PROPOSALS: Erect single storey outbuilding/dower unit to north boundary.

LOCATION: Roque Noire, Sandy Lane, L'Islet, St. Sampson.

APPLICANT: Mr M Desforges

This permission is granted under the terms of Sections 15 and 16 of the Land Planning and Development (Guernsey) Law, 2005 (the 'Law').

Date of Grant of Permission: 26/04/2024

This notification of grant of permission refers solely to the proposals referred to above as described in your application received as valid on 25/03/2024 and the drawings referred to below. This grant of permission is subject to the following conditions:-

Drawing Nos: Block Plan and Offpod: Sheets 230401/1, 2, 3 & 4.

Application Ref: FULL/2024/0515

Property Ref: B016850000

Conditions and reasons:-

1. All development authorised by this permission must be carried out and must be completed in every detail in accordance with the written application, plans and drawings referred to above. No variations to such development amounting to development may be made without the permission of the Authority under the Law.

Reason - To ensure that it is clear that permission is only granted for the development to which the application relates.

2. The development hereby permitted shall be begun within 3 years from the date of grant of this permission.

Reason - This condition reflects section 18(1) of the Land Planning and Development (Guernsey) Law, 2005 which states that planning permission ceases to have effect unless development is commenced within 3 years of the date of grant (or such shorter period as may be specified in the permission).

3. The development hereby permitted and all the operations which constitute or are incidental to that development must be carried out in compliance with all such requirements of The Building (Guernsey) Regulations, 2012 as are applicable to them, and no operation to which such a requirement applies may be commenced or continued unless (i) plans relating to that operation have been approved by the Authority and (ii) it is commenced or, as the case may be, continued, in accordance with that requirement and any further requirements imposed by the Authority when approving those plans, for the purpose of securing that the building regulations are complied with.

Reason - Any planning permission granted under the Law is subject to this condition as stated in section 17(2) of the Land Planning and Development (Guernsey) Law, 2005.

Expiry Date: This permission will cease to have effect on 26/04/2027 unless development is commenced by that date.

ADVICE AND OTHER REMARKS:-

For the avoidance of doubt, this decision permits the erection of an outbuilding to be used as an integral part of and incidental to the principal dwelling presently known as Roque Noire. It does not permit the creation of a separately occupied annex or an independent dwelling. This would require a separate grant of planning permission and involve different planning policy considerations.

Effect of planning permission:

Section 18 of the Land Planning and Development (Guernsey) Law, 2005 ('the Law') defines the effect of the planning permission hereby granted, namely:

- (1) Planning permission ceases to have effect unless the development permitted by it is commenced within a period of three years immediately following the date on which it is granted (or such shorter period as may be specified in the permission).
- (2) Planning permission enures for the benefit of the land concerned and of every person for the time being having an interest in it.
- (3) Any conditions subject to which planning permission is issued are enforceable in accordance with the provisions of Part V of the Law.
- (4) Planning permission for the erection of a building is only permission to use it for the purpose specified in the permission or, subject to any restriction so specified, for any other purpose for which it is designed.

(5) Planning permission is only permission to carry out the development specified in it (subject to any conditions so specified), and does not imply the giving of any other approval or consent required under this Law or any other enactment or under any rule of law.

Right of appeal against planning decisions:

Your attention is drawn to the provisions of Section 68(1) of the Land Planning and Development (Guernsey) Law 2005, which provides a right of appeal, on the merits against a decision to grant planning permission subject to conditions (except a building condition), to the Planning Tribunal, which is independent of the States of Guernsey. An appeal to the Planning Tribunal under section 68 of the Law against this decision must be made before the expiry of the period of six months beginning with the date on which the Authority made this decision. The official Appeal Notice Forms are available on the States of Guernsey website at www.gov.gg/planningpanel and must be completed with all enclosures in multiples as requested and received within the six months deadline.

Copy of representations made:

In reaching this decision the Authority took into account any written consultations made under Section 11(1) of the Land Planning and Development (General Provisions) Ordinance, 2007 ('the Ordinance'). A copy of any consultation responses made under section 11 will be included with this decision in accordance with section 19 of the Ordinance.

Other Remarks:

Please note that any work which abuts or affects the public highway requires prior approval by Traffic and Highway Services. Please contact Traffic & Highway Services (highways@gov.gg) for further advice. You must also ensure that any access/es to the development are constructed to meet the existing road/footway levels in accordance with their requirements.

This document is not a Building Licence and confers no approval under the Building Regulations.

A separate Building Control Licence may be required and it is the responsibility of the developer to ensure that ALL necessary consents are obtained and that any pre-commencement conditions are discharged prior to development being commenced.

PLANNING APPLICATION REPORT

Application No: FULL/2024/0515
Property Ref: B016850000
Valid date: 25/03/2024
Location: Roque Noire Sandy Lane L'Islet St. Sampson Guernsey GY2 4RW
Proposal: Erect single storey outbuilding/dower unit to north boundary.

Applicant: Mr M Desforges

RECOMMENDATION - Grant: Planning Permission with Conditions:

1. All development authorised by this permission must be carried out and must be completed in every detail in accordance with the written application, plans and drawings referred to above. No variations to such development amounting to development may be made without the permission of the Authority under the Law.

Reason - To ensure that it is clear that permission is only granted for the development to which the application relates.

2. The development hereby permitted shall be begun within 3 years from the date of grant of this permission.

Reason - This condition reflects section 18(1) of the Land Planning and Development (Guernsey) Law, 2005 which states that planning permission ceases to have effect unless development is commenced within 3 years of the date of grant (or such shorter period as may be specified in the permission).

3. The development hereby permitted and all the operations which constitute or are incidental to that development must be carried out in compliance with all such requirements of The Building (Guernsey) Regulations, 2012 as are applicable to them, and no operation to which such a requirement applies may be commenced or continued unless (i) plans relating to that operation have been approved by the Authority and (ii) it is commenced or, as the case may be, continued, in accordance with that requirement and any further requirements imposed by the Authority when approving those plans, for the purpose of securing that the building regulations are complied with.

Reason - Any planning permission granted under the Law is subject to this condition as stated in section 17(2) of the Land Planning and Development (Guernsey) Law, 2005.

INFORMATIVES

For the avoidance of doubt, this decision permits the erection of an outbuilding to be used as an integral part of and incidental to the principal dwelling presently known as Roque Noire. It does not permit the creation of a separately occupied annex or an independent dwelling. This would require a separate grant of planning permission and involve different planning policy considerations.

OFFICER'S REPORT

Brief Description of the site:

The property known as 'Roque Noire' is a one and a half storey traditional granite faced cottage, which is set back from and faces east onto Sandy Lane. The cottage has a small wing added to the south boundary and a long thin outbuilding running along the north boundary adjacent to the dwelling. There is a church hall to the north and residential dwellings to the west, south and across the road to the east. The property is located in the L'Islet Local Centre as defined in the Island Development Plan. The property is also a Protected Building.

Relevant History:

A pre-application was submitted one year ago for an outbuilding.

Existing Use(s):

Residential use class 1: dwelling house.

Assessment: *(Tick as appropriate)*

no representation	☒
accords with policy	☒
within curtilage	☒
design acceptable	☒

visual amenity acceptable	☒
no material neighbour impact	☒
traffic not affected	☒

Policies considered most relevant:

GP5: Protected Buildings
GP8: Design
GP9: Sustainable Development
GP13: Householder Development

Conclusion/Brief comment:

This application is to erect a single storey outbuilding/dower unit in the northwest corner of the rear garden, a timber shed and a fig tree will be removed to make room for the unit.

The dower unit is to be occupied by the owners mother who currently lives in the small wing attached to the main dwelling. The new unit will share the garden and some meals will also be taken in the main dwelling.

The property has a walled in garden and the only access into the garden is around the main dwelling, which would make it difficult to separate the proposed unit into an independent unit of accommodation. Despite being approximately 15m from the main dwelling, due to its relationship with the main dwelling and the information submitted, it has been demonstrated that the dower would remain ancillary to the existing dwelling.

The proposals achieve a good standard of design, for a prefabricated structure. The outbuilding will provide adequate levels of sunshine and daylight, and give the occupiers more flexible and adaptable accommodation.

The scale and massing of the new outbuilding is not considered to have a detrimental effect on the special interest of the protected building, its setting or the character and amenity of the surrounding area. Nor will it have any impact on any of the immediate neighbours.

Confirmation has been received that the development proposed has been designed to take into account matters of energy efficiency and current Building Regulations in accordance with Policy GP9.

The proposals are considered to conform to the above policies of the Island Development Plan and grant of permission is recommended, subject to conditions.

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land Planning and Development (General Provisions) Ordinance, 2007 have been taken into account in the assessment of this application.

Recommendation:

Grant with Conditions
