Conclusion/Brief comment:

This application is to install an awning to the shop front which would match the awning on the adjacent shop.

Historically, various premises along The Bridge have had awnings over the shop window. The proposal is minor and inconsequential and would not prejudice the outcome of a Development Brief for the Harbour Action Area or Regeneration Area or their implementation. Furthermore, the IDP supports alterations to existing retail premises.

The proposal for an awning is not considered to result in unacceptable visual clutter detrimental to the character and appearance of the Conservation Area.

The proposal conserves the character and appearance of the Conservation Area having regard to the commercial nature of The Bridge, other awnings and signs that are in place.

The proposals are considered to conform to the above policies of the Island Development Plan and grant of permission is recommended, subject to conditions.

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land Planning and Development (General Provisions) Ordinance, 2007 have been taken into account in the assessment of this application.
