Relevant History:

N/a

Existing Use(s):

GP13- Householder Development

Conclusion/Brief comment:

The proposal replaces the existing white traditional railings which enclose three raised terrace areas, with frameless glass balustrades. While this does not respect the Conservation Area guidance which places an emphasis on vertical glazing, as each terraced area is fully accessible from external doors on each level, they are considered to be balconies and the exemption criteria permits this development.

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land Planning and Development (General Provisions) Ordinance, 2007 have been taken into account in the assessment of this application.
