Conclusion/Brief comment:

The demolition and rebuild of the chimney as proposed is exempt development as long as the chimney is rebuilt in the same design and materials as the one it replaces. The removal of the chimney also appears to be exempt, so long as the materials in the location of the former chimney match the existing roof. A condition has been used to ensure this will be the case.

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land and Planning (General Provisions) Ordinance 2007 have been taken into account in the assessment of this application. The application is acceptable in relation to the above policies and other material planning considerations.
