

**THE LAND PLANNING AND DEVELOPMENT (GUERNSEY) LAW, 2005**  
**AND THE LAND PLANNING AND DEVELOPMENT (GENERAL PROVISIONS)**  
**ORDINANCE, 2007**

## **NOTIFICATION OF GRANT OF PLANNING PERMISSION**

**PROPOSALS:** Install dormer window to west elevation and alterations to fenestration to outbuilding (site of protected building).

**LOCATION:** Maison D'Aval, Rue D'Aval, Vale.

**APPLICANT:** Mr G Newark

This permission is granted under the terms of Sections 15 and 16 of the Land Planning and Development (Guernsey) Law, 2005 (the 'Law').

**Date of Grant of Permission:** 03/06/2024

This notification of grant of permission refers solely to the proposals referred to above as described in your application received as valid on 29/04/2024 and the drawings referred to below. This grant of permission is subject to the following conditions:-

**Drawing Nos:** Mark Frampton & Company 2024/661/01C

**Application Ref:** FULL/2024/0780

**Property Ref:** C025250000

**Conditions and reasons:-**

1.All development authorised by this permission must be carried out and must be completed in every detail in accordance with the written application, plans and drawings referred to above. No variations to such development amounting to development may be made without the permission of the Authority under the Law.

Reason - To ensure that it is clear that permission is only granted for the development to which the application relates.

2.The development hereby permitted shall be begun within 3 years from the date of grant of this permission.

Reason - This condition reflects section 18(1) of the Land Planning and Development (Guernsey) Law, 2005 which states that planning permission ceases to have effect

unless development is commenced within 3 years of the date of grant (or such shorter period as may be specified in the permission).

3. The development hereby permitted and all the operations which constitute or are incidental to that development must be carried out in compliance with all such requirements of The Building (Guernsey) Regulations, 2012 as are applicable to them, and no operation to which such a requirement applies may be commenced or continued unless (i) plans relating to that operation have been approved by the Authority and (ii) it is commenced or, as the case may be, continued, in accordance with that requirement and any further requirements imposed by the Authority when approving those plans, for the purpose of securing that the building regulations are complied with.

Reason - Any planning permission granted under the Law is subject to this condition as stated in section 17(2) of the Land Planning and Development (Guernsey) Law, 2005.

**Expiry Date: This permission will cease to have effect on 03/06/2027 unless development is commenced by that date.**

**ADVICE AND OTHER REMARKS:-**

The Authority does not recognise all of the land outlined on the submitted Site Location Plan as forming the domestic curtilage associated with the dwelling presently known as Maison D'Aval. The land recognised as domestic curtilage by the Authority is outlined on the submitted Key Block Plan (Drawing: 2020/349/51A).

For the avoidance of doubt, this existing domestic outbuilding may be used as an integral part of and incidental to the principal dwelling presently known as Aison D'Aval. The creation of a separately occupied annex or an independent dwelling would require a separate grant of planning permission and involve different planning policy considerations.

**Effect of planning permission:**

Section 18 of the Land Planning and Development (Guernsey) Law, 2005 ('the Law') defines the effect of the planning permission hereby granted, namely:

- (1) Planning permission ceases to have effect unless the development permitted by it is commenced within a period of three years immediately following the date on which it is granted (or such shorter period as may be specified in the permission).

(2) Planning permission enures for the benefit of the land concerned and of every person for the time being having an interest in it.

(3) Any conditions subject to which planning permission is issued are enforceable in accordance with the provisions of Part V of the Law.

(4) Planning permission for the erection of a building is only permission to use it for the purpose specified in the permission or, subject to any restriction so specified, for any other purpose for which it is designed.

(5) Planning permission is only permission to carry out the development specified in it (subject to any conditions so specified), and does not imply the giving of any other approval or consent required under this Law or any other enactment or under any rule of law.

#### **Right of appeal against planning decisions:**

Your attention is drawn to the provisions of Section 68(1) of the Land Planning and Development (Guernsey) Law 2005, which provides a right of appeal, on the merits against a decision to grant planning permission subject to conditions (except a building condition), to the Planning Tribunal, which is independent of the States of Guernsey. An appeal to the Planning Tribunal under section 68 of the Law against this decision must be made before the expiry of the period of six months beginning with the date on which the Authority made this decision. The official Appeal Notice Forms are available on the States of Guernsey website at [www.gov.gg/planningpanel](http://www.gov.gg/planningpanel) and must be completed with all enclosures in multiples as requested and received within the six months deadline.

#### **Copy of representations made:**

In reaching this decision the Authority took into account any written consultations made under Section 11(1) of the Land Planning and Development (General Provisions) Ordinance, 2007 ('the Ordinance'). A copy of any consultation responses made under section 11 will be included with this decision in accordance with section 19 of the Ordinance.

#### **Other Remarks:**

Please note that any work which abuts or affects the public highway requires prior approval by Traffic and Highway Services. Please contact Traffic & Highway Services ([highways@gov.gg](mailto:highways@gov.gg)) for further advice. You must also ensure that any access/es to the development are constructed to meet the existing road/footway levels in accordance with their requirements.

**This document is not a Building Licence and confers no approval under the Building Regulations.**

**A separate Building Control Licence may be required and it is the responsibility of the developer to ensure that ALL necessary consents are obtained and that any pre-commencement conditions are discharged prior to development being commenced.**

**RECOMMENDATION** - Grant: Planning Permission with Conditions:

---

1. All development authorised by this permission must be carried out and must be completed in every detail in accordance with the written application, plans and drawings referred to above. No variations to such development amounting to development may be made without the permission of the Authority under the Law.

Reason - To ensure that it is clear that permission is only granted for the development to which the application relates.

2. The development hereby permitted shall be begun within 3 years from the date of grant of this permission.

Reason - This condition reflects section 18(1) of the Land Planning and Development (Guernsey) Law, 2005 which states that planning permission ceases to have effect unless development is commenced within 3 years of the date of grant (or such shorter period as may be specified in the permission).

3. The development hereby permitted and all the operations which constitute or are incidental to that development must be carried out in compliance with all such requirements of The Building (Guernsey) Regulations, 2012 as are applicable to them, and no operation to which such a requirement applies may be commenced or continued unless (i) plans relating to that operation have been approved by the Authority and (ii) it is commenced or, as the case may be, continued, in accordance with that requirement and any further requirements imposed by the Authority when approving those plans, for the purpose of securing that the building regulations are complied with.

Reason - Any planning permission granted under the Law is subject to this condition as stated in section 17(2) of the Land Planning and Development (Guernsey) Law, 2005.

## INFORMATIVES

The Authority does not recognise all of the land outlined on the submitted Site Location Plan as forming the domestic curtilage associated with the dwelling presently known as Maison D'Aval. The land recognised as domestic curtilage by the Authority is outlined on the submitted Key Block Plan (Drawing: 2020/349/51A).

For the avoidance of doubt, this existing domestic outbuilding may be used as an integral part of and incidental to the principal dwelling presently known as Aison D'Aval. The creation of a separately occupied annex or an independent dwelling would require a separate grant of planning permission and involve different planning policy considerations.

---

## OFFICER'S REPORT

### Brief Description of the site:

The property known as 'Maison d'Aval' is a large site which is set back from and faces north onto Rue d'Aval. There are other residential neighbours to the east and southwest, a vinery to the southeast and open agricultural land across the road to the north. The property is located Outside of the Centres as defined in the Island Development Plan, it is also a Protected Building. Not all the land outlined in the application submission is recognised by the DPA as domestic garden/curtilage associated with the existing dwelling.

### Relevant History:

Two preceding pre-applications from earlier in the year.

### Existing Use(s):

Residential use class 1: dwelling house.

### Assessment: *(Tick as appropriate)*

### Policies considered most relevant:

GP5: Protected Buildings

GP8: Design

GP9: Sustainable Development  
GP13: Householder Development

**Conclusion/Brief comment:**

This application is to install a west facing dormer to the small outbuilding that sits close to the west boundary of the site, the outbuilding is not a protected building.

Whilst the style of the dormer is modern and does not exactly suit the style of the outbuilding, it is located to the rear on the roof slope that faces the cliff face very close by. Due to this and the topography it means that the dormer is unlikely to be noticed by the public when passing by and it concluded to meet the aims of the IDP in this case.

The dormer is located on the west roof slope and the Protected Buildings are all located to the east of the outbuilding. Therefore there will be no detrimental impacts on the special interest of the protected buildings.

Confirmation has been received that the development proposed has been designed to take into account matters of energy efficiency and current Building Regulations in accordance with Policy GP9.

The proposals are considered to conform to the above policies of the Island Development Plan and grant of permission is recommended, subject to conditions.

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land Planning and Development (General Provisions) Ordinance, 2007 have been taken into account in the assessment of this application.

**Recommendation:**

Grant with Conditions

**Date:** 03/06/2024
