OFFICER'S REPORT

Brief Description of the site:

The application site, Corder Court, consists of a row of terrace properties located to the north of the site. Private car parking is served to the south and west of the buildings. The buildings are owned by States Housing.

The buildings and car park are situated within a Conservation Area and Main Centre Inner Area as designated in the Island Development Plan.

Planning permission is sought to install collapsible bollards to the west of the site. No justification has been submitted as part of the application, although it is presumed that the bollards are proposed to retain the allocated car parking spaces for the occupiers of the building and not the general public.

Conclusion/Brief comment:

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land Planning and Development (General Provisions) Ordinance, 2007 have been taken into account in the assessment of this application.

The type of application is justified in this urban context and the nature and relationship of the application site to the surrounding public realm. By virtue of their design, including their size, material, appearance, and collapsible capability, the bollards will have a negligible effect on the character and appearance of the Conservation Area. In addition, this type of development is removable should the applicant wish to do so in the future and therefore any limited harm is reversible. For the purposes of Policy GP4, the proposal will conserve the Conservation Area, and achieves a satisfactory standard of design for the purposes of Policy GP8.

The proposal is not considered to have an adverse effect on highway safety or traffic management given the low traffic speeds and volumes in the vicinity.

Based on the above, the application is considered compliant with the relevant Island Development Plan policies, and accords with the purpose of the Law and the Material Planning Considerations. It is therefore recommended that planning permission be granted, subject to conditions.
