Conclusion/Brief comment:

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land Planning and Development (General Provisions) Ordinance, 2007 have been taken into account in the assessment of this application.

Although the fence will be evident from a car parking area to the rear of the site this is not readily evident unless accessing this car parking and therefore the impact on the Conservation Area would be limited and would not have a significantly detrimental impact on the character and appearance of the area.

The application is acceptable in relation to the above policies and other material planning considerations.
