OFFICER'S REPORT

Brief Description of the site:

The property known as 'La Mouillage' is a 1980's one and a half storey detached dwelling which is set back from and faces north onto Rue de la Bonne Fleur. There are neighbouring properties to the east, south and west and across the road to the north. The property is located Outside of the Centres as defined in the Island Development Plan.

Conclusion/Brief comment:

This application is to remove and replace the south boundary hedge and to erect a 3m fence behind the new hedge in front of the existing 1.2m high wall (which belongs to the neighbouring property).

At present the existing hedge is about 3.5m high and is not in the best condition, replacing it is considered to be acceptable as the existing species of hedge is not biodiversity rich.

It is proposed to erect a 3m high fence in front of the wall to maintain privacy, the neighbouring property to the south is a block of flats. A fence of 3m would prevent overlooking into the applicants garden from the upper floor flats.

The fence and hedge will not be seen from any public vantage points and due to the location the fence will not cause any overshadowing or overbearing to any other property.

Therefore the proposals are considered to conform to the above policies of the Island Development Plan and grant of permission is recommended, subject to conditions.

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land Planning and Development (General Provisions) Ordinance, 2007 have been taken into account in the assessment of this application.
