OFFICER'S REPORT

The property known as 'Le Petit Fregondee' is a brand new bungalow (a rebuild of a mid-20th century bungalow) which is set back from and faces west onto Ruelle des Saumarez. There are neighbouring bungalows to the north and south, a public park across the road to the west and agricultural open fields to the east. The property is located Outside of the Centres as defined in the Island Development Plan.

Conclusion/Brief comment:

This application is to erect a single storey garden room/store and a pool to the east of the property in the rear garden. The pool is considered exempt works and so will not be assessed as part of this application.

When the site visit was carried out it was noticed that the hardstanding for the garden room had already been laid, presumably with the foundations for the building underneath. The proposed outbuilding is relatively large but its siting within the rear garden is well related with the existing dwelling and provided that its use remains associated with and ancillary to the existing dwelling, the proposed use accords with Policy GP13.

By virtue of its siting within the rear garden and its single storey nature, the proposed structure is not considered to have any detrimental impacts on the character and appearance of the surrounding area, nor will it have any adverse effects on neighbour amenity.

Confirmation has been received that the development proposed has been designed to take into account matters of energy efficiency and current Building Regulations in accordance with Policy GP9.

The proposals are considered to conform to the above policies of the Island Development Plan and grant of permission is recommended, subject to conditions.

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land Planning and Development (General Provisions) Ordinance, 2007 have been taken into account in the assessment of this application.
