Conclusion/Brief comment:

The proposed extension is located to the rear of the dwelling and comprises a single storey addition with flat roof, measuring 4.5m by 13.7m and is 2.6m high. This is acceptable in principle under Policy GP13 which allows for extensions to existing dwellings.

The proposal will not have a significant impact on any neighbours due to the location within the site and away from any neighbours. The proposal is in accordance with Policy GP8 and the information submitted indicated that the extension will be built to meet Building Control standards, and so the requirements of GP9 are also met.

A condition requiring details of external materials is considered appropriate as the submitted information on this is minimal.

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land Planning and Development (General Provisions) Ordinance, 2007 have been taken into account in the assessment of this application.
