OFFICER'S REPORT

Brief Description of the site:

The property known as 'Hollyoak Cottage' is a mid-1990's two storey dwelling which is on a corner site, Les Camps du Moulin runs along the south boundary, to the rear of the property. Oakmore Drive runs along the southwest boundary and round in front of the property along the north boundary. There are neighbouring properties to the east and further along the clos to the northwest. The property is located Outside of the Centres as defined in the Island Development Plan.

Conclusion/Brief comment:

This application is to retrospectively remove a section of hedge and then to remove a 660mm high wall to allow for an extra vehicle.

Driving into Oakmore Drive there is a strong sense of green because many of the properties have front boundary hedges, this continues up the clos to the northwest. However, heading east along the front of the four dwellings which back onto Les Camps du Moulin, there are no hedges, the road is very open, with parking in front of each of the dwellings.

The property will retain the wall and hedge which turn the corner which helps to retain the green feel of the rest of the clos, and so on balance the removal of the hedge is considered to be acceptable.

Removing the wall will increase the parking area, adding space for another vehicle to park closer to the Clos fork junction. However, as the road is not a through road and only a limited number of vehicles access the road, in this instance, the additional parking space is not considered to impact on highway safety. Especially as a Clos road is below the hierarchy of roads set out in the Traffic Engineering Guidelines for Guernsey, and therefore the control of frontage activities is not important and a greatly relaxed regime of traffic management is permissible

The proposals are considered to conform to the above policies of the Island Development Plan and grant of permission is recommended, subject to conditions.

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land Planning and Development (General Provisions) Ordinance, 2007 have been taken into account in the assessment of this application.
