Consultations:

Office of Environmental Health and Pollution Regulation

"I have reviewed the proposed plans for the erection of replacement illuminated and non-illuminated signage to the front of the forecourt at the above site.

I note that on the submitted Part Site Plan Drawing Ref: OPD/01 Rev A dated September 2024 it is stated 'existing internally illuminated forecourt signage to be rebranded as indicated (not altering existing luminance equal to less than 800cd/m2)'.

As the existing garage is already illuminated and there is no proposal to increase the luminance, I confirm that I do not wish to raise any objections or make any comments on the application."

Conclusion/Brief comment:

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land Planning and Development (General Provisions) Ordinance, 2007 have been taken into account in the assessment of this application.

The application is acceptable in relation to the above policies and other material planning considerations.
