Conclusion/Brief comment:

The extension achieves a satisfactory standard of design. A high fence along the south boundary would be adequate to protect the reasonable amenities of neighbouring residents. The increased width of the access and extended parking area would have no adverse effects.

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land Planning and Development (General Provisions) Ordinance, 2007 have been taken into account in the assessment of this application.

The application is acceptable in relation to the above policies and other material planning considerations.
