There is a close neighbour to the north and other neighbours to the west beyond the garden at a lower level and across the roads to the south and east. The property is located Outside of the Centres as defined in the Island Development Plan.

Conclusion/Brief comment:

This application is a variation to the previously approved FULL/2024/0563 – the variations are to add a porch to the rear/west elevation, omit two ground floor windows on the north elevation and to extend the first floor terrace westward by 1.3m.

Adding the rear porch is considered to be exempt development and complies with policy.

Omitting two ground floor windows on the north elevation are not considered to cause any concerns and complies with the aims of the IDP.

Extending the first-floor terrace is considered acceptable and appropriate because the terrace only has views to the west and south and no neighbours will be overlooked. The design and appearance of the alterations meets the requirements of the IDP.

Confirmation has been received that the development proposed has been designed to take into account matters of energy efficiency and current Building Regulations in accordance with Policy GP9.

The proposals are considered to conform to the above policies of the Island Development Plan and grant of permission is recommended, subject to conditions.

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land Planning and Development (General Provisions) Ordinance, 2007 have been taken into account in the assessment of this application.
