Conclusion/Brief comment:

This application is for the erection of signage on the building gable and adjacent to the entrance. The proposed signage is appropriate in its scale, design and positioning. As initially submitted the proposal incorporated illumination to the gable sign, however concerns were raised regarding the impact of such illumination on the character of the area. The agent has confirmed that the illumination can be omitted from the proposals.

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land and Planning (General Provisions) Ordinance 2007 have been taken into account in the assessment of this application.
