

THE LAND PLANNING AND DEVELOPMENT (GUERNSEY) LAW, 2005
AND THE LAND PLANNING AND DEVELOPMENT (GENERAL PROVISIONS)
ORDINANCE, 2007

NOTIFICATION OF GRANT OF PLANNING PERMISSION

PROPOSALS: Erect wall and gate to north of property (Protected Building).

LOCATION: L'Epinel, La Rue De L'Epinel, Forest.

APPLICANT: Mr & Mrs Torode

This permission is granted under the terms of Sections 15 and 16 of the Land Planning and Development (Guernsey) Law, 2005 (the 'Law').

Date of Grant of Permission: 28/11/2024

This notification of grant of permission refers solely to the proposals referred to above as described in your application received as valid on 24/10/2024 and the drawings referred to below. This grant of permission is subject to the following conditions:-

Drawing Nos: Tyrrell Dowinton Architects - 1967 02.201

Application Ref: FULL/2024/1799

Property Ref: H002940000

Conditions and reasons:-

1.All development authorised by this permission must be carried out and must be completed in every detail in accordance with the written application, plans and drawings referred to above. No variations to such development amounting to development may be made without the permission of the Authority under the Law.

Reason - To ensure that it is clear that permission is only granted for the development to which the application relates.

2.The development hereby permitted shall be begun within 3 years from the date of grant of this permission.

Reason - This condition reflects section 18(1) of the Land Planning and Development (Guernsey) Law, 2005 which states that planning permission ceases to have effect unless development is commenced within 3 years of the date of grant (or such shorter period as may be specified in the permission).

3.The development hereby permitted and all the operations which constitute or are incidental to that development must be carried out in compliance with all such requirements of The Building (Guernsey) Regulations, 2012 as are applicable to them, and no operation to which such a requirement applies may be commenced or continued unless (i) plans relating to that operation have been approved by the Authority and (ii) it is commenced or, as the case may be, continued, in accordance with that requirement and any further requirements imposed by the Authority when approving those plans, for the purpose of securing that the building regulations are complied with.

Reason - Any planning permission granted under the Law is subject to this condition as stated in section 17(2) of the Land Planning and Development (Guernsey) Law, 2005.

4.The wall hereby permitted shall be smooth rendered on both sides within 28 days of its construction.

Reason - To secure the satisfactory appearance of the completed development and to ensure that the proposal does not harm the setting of the protected building.

Expiry Date: This permission will cease to have effect on 28/11/2027 unless development is commenced by that date.

ADVICE AND OTHER REMARKS:-

Effect of planning permission:

Section 18 of the Land Planning and Development (Guernsey) Law, 2005 ('the Law') defines the effect of the planning permission hereby granted, namely:

(1) Planning permission ceases to have effect unless the development permitted by it is commenced within a period of three years immediately following the date on which it is granted (or such shorter period as may be specified in the permission).

(2) Planning permission enures for the benefit of the land concerned and of every person for the time being having an interest in it.

(3) Any conditions subject to which planning permission is issued are enforceable in accordance with the provisions of Part V of the Law.

(4) Planning permission for the erection of a building is only permission to use it for the purpose specified in the permission or, subject to any restriction so specified, for any other purpose for which it is designed.

(5) Planning permission is only permission to carry out the development specified in it (subject to any conditions so specified), and does not imply the giving of any other approval or consent required under this Law or any other enactment or under any rule of law.

Right of appeal against planning decisions:

Your attention is drawn to the provisions of Section 68(1) of the Land Planning and Development (Guernsey) Law 2005, which provides a right of appeal, on the merits against a decision to grant planning permission subject to conditions (except a building condition), to the Planning Tribunal, which is independent of the States of Guernsey. An appeal to the Planning Tribunal under section 68 of the Law against this decision must be made before the expiry of the period of six months beginning with the date on which the Authority made this decision. The official Appeal Notice Forms are available on the States of Guernsey website at www.gov.gg/planningpanel and must be completed with all enclosures in multiples as requested and received within the six months deadline.

Copy of representations made:

In reaching this decision the Authority took into account any written consultations made under Section 11(1) of the Land Planning and Development (General Provisions) Ordinance, 2007 ('the Ordinance'). A copy of any consultation responses made under section 11 will be included with this decision in accordance with section 19 of the Ordinance.

Other Remarks:

Please note that any work which abuts or affects the public highway requires prior approval by Traffic and Highway Services. Please contact Traffic & Highway Services (highways@gov.gg) for further advice. You must also ensure that any access/es to the development are constructed to meet the existing road/footway levels in accordance with their requirements.

This document is not a Building Licence and confers no approval under the Building Regulations.

A separate Building Control Licence may be required and it is the responsibility of the developer to ensure that ALL necessary consents are obtained and that any pre-commencement conditions are discharged prior to development being commenced.

Reason - Any planning permission granted under the Law is subject to this condition as stated in section 17(2) of the Land Planning and Development (Guernsey) Law, 2005.

4. The wall hereby permitted shall be smooth rendered on both sides within 28 days of its construction.

Reason - To secure the satisfactory appearance of the completed development and to ensure that the proposal does not harm the setting of the protected building.

OFFICER'S REPORT

Brief Description of the site:

The site comprises a detached property situated to the north of La Rue De L'Epinel. The property comprises a mid 19th century Victorian renovation, extension and part rebuild (eastern gable end) of a single storey house and barn which has surviving elements dating back to 1620-40. The 19th Century house is less rare but still authentic, but the barn and the underlying fabric of the of the earlier single storey cottage together with the surviving features are of historical importance. The whole of the house, the attached barn, together with the roadside garden walls, mounting block and pillar are protected. The rear in-fill extension containing a porch bathroom and all of the other outbuildings on site including the stables and glasshouses are excluded.

The site is situated Outside of the Centres as designated in the Island Development Plan. Surrounding the site the area comprises residential properties to the east, fields to the west (with residential properties beyond) an industrial unit to the south and a school/residential properties to the north.

Conclusion/Brief comment:

Planning permission is sought to remove and replace an existing timber fence with a rendered blockwork wall and to erect a timber gate at the eastern end of the wall.

The timber fence to be replaced is situated to the rear of the property along an existing boundary and provides a form of separation between the fields, the glasshouse and stables from the main garden area of the property. The fence is a standard close boarded fence, is of low quality and pays little respect to the setting of the protected building or the character of the area.

The proposed wall will be block built and is proposed to be rendered on either side. Provided that a condition is included to ensure that the wall is rendered within a timely manner following construction, it will be an improvement over the fence and will be in-keeping with the character of the surrounding area and the host dwelling which has recently been extended with a modern rendered extension.

The gates are high quality traditional Jackson 5 bar gates which you would expect to see in rural areas. Overall the proposal is of good design and would not harm the character of the area or the setting of the protected building.

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land Planning and Development (General Provisions) Ordinance, 2007 have been taken into account in the assessment of this application.

The application is acceptable in relation to the above policies and other material planning considerations.
