OFFICER'S REPORT

Brief Description of the site:

The property known as 'P'Tit Bijou' is a pre-1900's two storey dwelling which is slightly set back from and faces southwest onto Roland Road. There is a terrace of three dwelling attached to the northwest, with a supermarket to the east and other neighbouring properties in every other direction. The property is located in the St Sampson Main Centre Inner Boundary and Conservation Area as defined in the Island Development Plan.

Conclusion/Brief comment:

This application is to remove a 0.65m section of roadside boundary wall to widen the vehicular access to the property.

The entire front boundary is a total length of approx. 9m, the existing opening is approx. 3.1m wide, leaving 5.9m of remaining roadside boundary wall. The proposal

to remove another 0.65m, would still leave over 5m of roadside boundary wall intact.

Due to the length of wall to be retained it is considered that removing this small section of wall would not have any detrimental impacts on the special quality, character and appearance of the surrounding conservation area, nor would it have any adverse effects on neighbour amenity.

The proposals are considered to conform to the above policies of the Island Development Plan and grant of permission is recommended, subject to conditions.

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land Planning and Development (General Provisions) Ordinance, 2007 have been taken into account in the assessment of this application.
