OFFICER'S REPORT

Brief Description:

The application relates to the erection of an outbuilding to the rear of the dwelling at the site, adjacent to the east boundary.

The site is located to the north of Icart Road and the Rue au Cammu pedestrian footpath runs along the east boundary. The site is located Outside of the Centres within a Conservation Area as designated in the Island Development Plan and the whole of the main dwelling and the roadside wall are protected.

Relevant History:

None.

Conclusion/Brief comment:

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land and Planning (General Provisions) Ordinance 2007 have been taken into account in the assessment of this application.

The application is acceptable in relation to the above policies and other material planning considerations. The outbuilding would be visible but set back from Icart Road and would be substantially screened from the adjacent footpath by the robust planting along the boundary. The building would be read as an ancillary building to the main house and would have no adverse impacts on the setting of the protected building or the character of the wider Conservation Area.
