ADVICE AND OTHER REMARKS:-

For the avoidance of doubt, this decision permits the erection of a domestic outbuilding to be used for purposes incidental to the principal dwelling presently known as Les Landes. It does not permit the creation of a separately occupied annex or an independent dwelling. This would require a separate grant of planning permission and involve different planning policy considerations.

Section 18 of the Land Planning and Development (Guernsey) Law, 2005 ('the Law') defines the effect of the planning permission hereby granted, namely:

(1) Planning permission ceases to have effect unless the development permitted by it is commenced within a period of three years immediately following the date on which it is granted (or such shorter period as may be specified in the permission).

(2) Planning permission enures for the benefit of the land concerned and of every person for the time being having an interest in it.

(3) Any conditions subject to which planning permission is issued are enforceable in accordance with the provisions of Part V of the Law.

(4) Planning permission for the erection of a building is only permission to use it for the purpose specified in the permission or, subject to any restriction so specified, for any other purpose for which it is designed.

(5) Planning permission is only permission to carry out the development specified in it (subject to any conditions so specified), and does not imply the giving of any other approval or consent required under this Law or any other enactment or under any rule of law.

Right of appeal against planning decisions:

Your attention is drawn to the provisions of Section 68(1) of the Land Planning and Development (Guernsey) Law 2005, which provides a right of appeal, on the merits against a decision to grant planning permission subject to conditions (except a building condition), to the Planning Tribunal, which is independent of the States of Guernsey. An appeal to the Planning Tribunal under section 68 of the Law against this decision must be made before the expiry of the period of six months beginning with the date on which the Authority made this decision. The official Appeal Notice Forms are available on the States of Guernsey website at www.gov.gg/planningpanel and must be completed with all enclosures in multiples as requested and received within the six months deadline.

A copy of any consultation responses made under section 11 will be included with this decision in accordance with section 19 of the Ordinance.

Conclusion/Brief comment:

This application is to erect a one and a half storey garage/hobby room in the same location as the previous shed/workshop and to pave the parking area close to the rear of the house with permeable brick pavers.

The new timber garage with hobby room above will be located to the northwest of the main dwelling and is smaller than the main dwelling and therefore subservient. The first floor rooflights will all have a cill level of 1.7m which will prevent any overlooking of the neighbours.

The proposals are considered to achieve a good standard of design, using natural materials.

The scale and massing of the new garage/hobby room is not considered to have a detrimental effect on the setting of the protected building, the character and amenity of the surrounding area, and nor will it have any impacts on any of the immediate neighbours.

Confirmation has been received that the development proposed has been designed to take into account matters of energy efficiency and current Building Regulations in accordance with Policy GP9.

The proposals are considered to conform to the above policies of the Island Development Plan and grant of permission is recommended, subject to conditions.

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land Planning and Development (General Provisions) Ordinance, 2007 have been taken into account in the assessment of this application.
