AND THE LAND PLANNING AND DEVELOPMENT (GENERAL PROVISIONS)
ORDINANCE, 2007

NOTIFICATION OF GRANT OF PLANNING PERMISSION

PROPOSALS: Erect signage to east (front) elevation and west (rear) elevation.

LOCATION: Bailiwick Botanicals, Weighbridge House, Lower Pollet, St. Peter Port.

APPLICANT: House Of Green

This permission is granted under the terms of Sections 15 and 16 of the Land Planning and Development (Guernsey) Law, 2005 (the 'Law').

Date of Grant of Permission: 30/01/2025

This notification of grant of permission refers solely to the proposals referred to above as described in your application received as valid on 14/11/2024 and the drawings referred to below. This grant of permission is subject to the following conditions:-

Drawing Nos: Tyrrell Dowinton Architects - 2428 03.02A

Application Ref: FULL/2024/1911

Property Ref: A113180000

Conditions and reasons:-

1.All development authorised by this permission must be carried out and must be completed in every detail in accordance with the written application, plans and drawings referred to above. No variations to such development amounting to development may be made without the permission of the Authority under the Law.

Reason - To ensure that it is clear that permission is only granted for the development to which the application relates.

2.The development hereby permitted shall be begun within 3 years from the date of grant of this permission.

Reason - This condition reflects section 18(1) of the Land Planning and Development

(Guernsey) Law, 2005 which states that planning permission ceases to have effect unless development is commenced within 3 years of the date of grant (or such shorter period as may be specified in the permission).

3. The development hereby permitted and all the operations which constitute or are incidental to that development must be carried out in compliance with all such requirements of The Building (Guernsey) Regulations, 2012 as are applicable to them, and no operation to which such a requirement applies may be commenced or continued unless (i) plans relating to that operation have been approved by the Authority and (ii) it is commenced or, as the case may be, continued, in accordance with that requirement and any further requirements imposed by the Authority when approving those plans, for the purpose of securing that the building regulations are complied with.

Reason - Any planning permission granted under the Law is subject to this condition as stated in section 17(2) of the Land Planning and Development (Guernsey) Law, 2005.

Expiry Date: This permission will cease to have effect on 30/01/2028 unless development is commenced by that date.

ADVICE AND OTHER REMARKS:-

For the avoidance of doubt, the signage to which this permission relates is non-illuminated. Any form of illumination, whether by external or internal means, will require a separate grant of planning permission.

Effect of planning permission:

Section 18 of the Land Planning and Development (Guernsey) Law, 2005 ('the Law') defines the effect of the planning permission hereby granted, namely:

- (1) Planning permission ceases to have effect unless the development permitted by it is commenced within a period of three years immediately following the date on which it is granted (or such shorter period as may be specified in the permission).
- (2) Planning permission enures for the benefit of the land concerned and of every person for the time being having an interest in it.
- (3) Any conditions subject to which planning permission is issued are enforceable in accordance with the provisions of Part V of the Law.
- (4) Planning permission for the erection of a building is only permission to use it for the purpose specified in the permission or, subject to any restriction so specified, for any other purpose for which it is designed.

(5) Planning permission is only permission to carry out the development specified in it (subject to any conditions so specified), and does not imply the giving of any other approval or consent required under this Law or any other enactment or under any rule of law.

Right of appeal against planning decisions:

Your attention is drawn to the provisions of Section 68(1) of the Land Planning and Development (Guernsey) Law 2005, which provides a right of appeal, on the merits against a decision to grant planning permission subject to conditions (except a building condition), to the Planning Tribunal, which is independent of the States of Guernsey. An appeal to the Planning Tribunal under section 68 of the Law against this decision must be made before the expiry of the period of six months beginning with the date on which the Authority made this decision. The official Appeal Notice Forms are available on the States of Guernsey website at www.gov.gg/planningpanel and must be completed with all enclosures in multiples as requested and received within the six months deadline.

Copy of representations made:

In reaching this decision the Authority took into account any written consultations made under Section 11(1) of the Land Planning and Development (General Provisions) Ordinance, 2007 ('the Ordinance'). A copy of any consultation responses made under section 11 will be included with this decision in accordance with section 19 of the Ordinance.

Other Remarks:

Please note that any work which abuts or affects the public highway requires prior approval by Traffic and Highway Services. Please contact Traffic & Highway Services (highways@gov.gg) for further advice. You must also ensure that any access/es to the development are constructed to meet the existing road/footway levels in accordance with their requirements.

This document is not a Building Licence and confers no approval under the Building Regulations.

A separate Building Control Licence may be required and it is the responsibility of the developer to ensure that ALL necessary consents are obtained and that any pre-commencement conditions are discharged prior to development being commenced.

For the avoidance of doubt, the signage to which this permission relates is non-illuminated. Any form of illumination, whether by external or internal means, will require a separate grant of planning permission.

OFFICER'S REPORT

Brief Description of the site:

The application site comprises a large, 4 storey building spilt into different uses. The building forms the corner between Lower Pollet, St. Julian's Weighbridge and North Esplanade. The property is located within a Conservation Area as designated in the Island Development Plan and is adjacent to a protected building on the opposite side of Lower Pollet.

This application relates to a retail unit at ground floor level, known as Bailiwick Botanicals.

Planning permission is sought to install signage to the east (front) elevation and west (rear) elevation.

The application was deferred over concerns regarding the retrospective nature of the works, together with the size and position of certain signage installed on the building when taking into account the sensitive surroundings.

The agent has confirmed that; all signage has been removed from the site, the large sign to the front of the building is to be omitted from the scheme, and the smaller signage to the rear (west) of the building has been positioned to avoid overlapping onto the dentil/mouldings on the fascia board. The agent has also confirmed that the proposed signage will not be illuminated.

Conclusion/Brief comment:

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land Planning and Development (General Provisions) Ordinance, 2007 have been taken into account in the assessment of this application.

Policy GP4 (Conservation Areas) states that proposals for development within a Conservation Area will be supported where the development conserves and, where possible, enhances the special character, architectural or historic interest and appearance of the particular Conservation Area.

Furthermore, it is a requirement under the Land Planning and Development (Guernsey) Law, 2005, when considering applications affecting protected buildings and Conservation Areas, to secure so far as possible that the special historic, architectural, traditional or other special characteristics (including setting) are preserved.

In terms of design (Policy GP8), the signs will be comprised of acrylic, with individual lettering stating 'bailiwick botanicals', together with the company's logo, placed on both the front and rear elevations of the building. The signs are sympathetically designed and are proportionate to the respective fascia boards. Consequently, the signage is considered to conserve the Conservation Area, and preserve the setting of the adjacent protected building for the purposes of Policy GP4 and GP5.

It is important to attach an informative to the decision to highlight that no illumination is granted as part of this permission.

Based on the above, the application is considered compliant with the relevant Island Development Plan policies, and accords with the purpose of the Law and material considerations; it is therefore recommended that planning permission be granted, subject to conditions.
