Conclusion/Brief comment:

The Island Development Plan makes provision for the change of use away from office accommodation where the floorspace is less than 250sqm such as at the first floor level of 22 Commercial Arcade. The IDP also supports new convenience and comparison retail in this location. The scheme relates to the provision of new

comparison retail at the upper floor of 22 Commercial Arcade with a floor area of c. 47 sqm and as a result the scheme accords with policies MC4(A) and MC6 of the IDP.

The proposed use would be compatible with the variety of uses found in the locality when considering Policy GP8 and the health and well-being of neighbours of a development and will contribute to the vitality and viability of the Main Centre.

No external changes are proposed and the change of use would not result in harm to the character and appearance of the Conservation Area when considering Policies GP4 and GP9 of the IDP.

With no changes proposed, internally or externally, the change of use will not result in harm to the fabric or special interest of the Protected Building in accordance with Policy GP5.

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land Planning and Development (General Provisions) Ordinance, 2007 have been taken into account in the assessment of this application.
