Conclusion/Brief comment:

This application is to remove the front boundary hedge and to construct a wall on top of the existing dwarf wall to a height of 900mm high with a rendered finish and

to construct a 1.2m high pillar. The vehicular access will be increased from c. 4.5m to 5.2m wide.

There are very few front boundary hedges along this road, the majority of properties have small sections of roadside boundary walls instead. In this instance the removal of the hedge is not considered to impact the character of the area or effect neighbour amenity.

The proposals are considered to conform to the above policies of the Island Development Plan and grant of permission is recommended, subject to conditions.

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land Planning and Development (General Provisions) Ordinance, 2007 have been taken into account in the assessment of this application.
