OFFICER'S REPORT

Brief Description of the site:

La Grande Maison is a detached dwelling situated on a corner plot with Rue Du Pont to the north and east and Rue de la Grande Maison to the west. Various outbuildings are situated within the grounds of the property including the remains of a granite outbuilding adjacent to the northeast boundary.

The application relates to the erection of a pitched roof detached outbuilding in the area where the remains of a granite building currently exist. The building is indicated to have a pantile roof and would have a horizontal timber clad exterior.

It is noted that the drawing label for drawing 4120.02.10 is incorrect and this has been amended by the Planning Service.

The site is located Outside of the Centres as designated in the Island Development Plan. The property is a pre-1900 building.

Conclusion/Brief comment:

The proposed replacement outbuilding represents a good standard of design that will respect the local built environment.

The outbuilding will be situated adjacent to Rue Du Pont, in the position of the remains of a former outbuilding which has previously been granted permission to be reinstated. The proposal will be visible from outside the site however the development will not result in unacceptable harm to the character and appearance of the locality.

The works will not result in overshadowing or loss of light to the occupiers of any surrounding dwelling and nor will it result in overlooking or loss of privacy to neighbouring occupiers.

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land Planning and Development (General Provisions) Ordinance, 2007 have been taken into account in the assessment of this application.

In view of the above it is recommended permission is granted.
