Conclusion/Brief comment:

Permission is sought to erect 3no 7m x 4m x 2.5m(high) gazebos to the north-east of the existing pavilion buildings, located to the south-west of the sports field. In addition it is proposed to replace the roof of the existing pavilion and alter fenestration to that building.

The proposed gazebos would be located on open amenity grassland, on the edge of the sports fields associated with the school. The gazebos are well grouped with existing built form, modest in scale and lightweight in nature. The gazebos would be of a scale appropriate to their setting and proposed use, would not have any adverse impact on openness, or the character, visual appearance or amenity of the location, compliant with the above cited policies.

The proposed alterations to the existing pavilion buildings would have no adverse impacts.

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land Planning and Development (General Provisions) Ordinance, 2007 have been taken into account in the assessment of this application.
