Conclusion/Brief comment:

The existing conservatories are modern additions which detract from the character of the building and there are no objections to the demolition of them. The external appearance of the extension is satisfactory and together with the alterations to the fenestration, the proposal would have no significant adverse effects on the special interest of the protected building, subject to the submission of additional details of the replacement first floor windows.

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land Planning and Development (General Provisions) Ordinance, 2007 have been taken into account in the assessment of this application.
