Conclusion/Brief comment:

Despite comprising an extension to the front elevation beyond the existing building line, the proposal is acceptable in terms of design with mature landscaping which will soften the development. The projecting front elevation is unlikely to appear out of character due to the mixed development and spacing of the surrounding dwellings. All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land and Planning (General Provisions) Ordinance 2007 have been taken into account in the assessment of this application.

The application is acceptable in relation to the above policies and other material planning considerations.
