Consultation – States Archaeologist's comments:

"I would like to make a brief comment on this application.

The development is very close to several prehistoric sites destroyed in the nineteenth century (where the quarry now lies to the west), and of course to the Déhus dolmen, 200m to the south. I would therefore be grateful if you could request the developers to contact me if they uncover anything of archaeological interest."

Conclusion/Brief comment:

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land Planning and Development (General Provisions) Ordinance, 2007 have been taken into account in the assessment of this application.

The application is acceptable in relation to the above policies and other material planning considerations.

An informative reflecting the States Archaeologist's comments should be attached to the decision.
