OFFICER'S REPORT

Brief Description of the site:

The site is located close to the west coast and Rocquaine Bay, and is accessed via Rue Campere. The site slopes steeply to the south-east and the south, and also falls fairly steeply down towards Rue Campere to the north of the site.

Contree des Clercs has recently undergone extensive extension/alteration (see 2023 approval listed in Relevant History below). There are two large outbuildings within the curtilage and a domestic glasshouse.

The site is located Outside the Centre and falls partially within the Agricultural Priority Area as identified in the Island Development Plan (IDP).

Conclusion/Brief comment:

Contree des Clercs is set back from the road to the north and away from all residential neighbours.

The proposal relates to the erection of a single-storey detached poolhouse containing a pool and associated facilities to the immediate south of the dwelling. The building has been designed with a 'green' roof, timber clad exterior and aluminium fenestration and rainwater goods.

The building represents a good standard of design that respects the local built and open landscapes concerned. The existing dwelling and established trees/hedging will offer screening of the outbuilding and its single-storey nature and the materials proposed will help it assimilate into its surroundings.

The proposal will not result in overshadowing or overlooking of any neighbouring properties.

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land Planning and Development (General Provisions) Ordinance, 2007 have been taken into account in the assessment of this application.
