OFFICER'S REPORT

Brief Description of the site:

Planning permission is requested for variations to works previously approved to demolish existing dwelling and erect a replacement 4 bedroom dwelling (FULL/2021/0983 & FULL/2025/0024). The variations include creating a covered walkway at basement level, alterations to external stairs, solar panels and fenestration, install balustrade to north (front) elevation and relocate chimney.

The application property previously comprised of a detached 2-storey house positioned on raised ground above Rue de la Perruque, and located Outside of the Centres under the Island Development Plan. Permission was granted to demolish and rebuild the dwelling in June 2021 and works have commenced with the demolition of the former dwelling.

Relevant History:

18/02/2025 – FULL/2025/0024 – Permission granted for variations to plans previously approved to demolish existing and erect replacement dwelling - Relocate dwelling 5m south, raise roof ridge height, increase floor area to basement area, install terrace to front and rear elevations, install chimney and material and landscaping alterations.

29/06/2021 – FULL/2021/0983 – Permission granted to demolish existing and erect replacement dwelling.

25/02/2021 – FULL/2020/2564 – Application refused to demolish existing dwelling and erect 2 dwellings.

24/12/2019 – FULL/2019/1912 – Permission granted to sub-divide dwelling into two units with associated alterations to fenestration. Erect single storey flat roof extension (southwest elevation), erect sheds (west boundary) and erect pillars and retaining boundary wall (north-east boundary).

IP9 - Highway Safety, Accessibility and Capacity

Conclusion/Brief comment:

The proposed variations are relatively minor in nature and would have no adverse effects on the design and appearance of the dwelling and would have no additional adverse effects on the amenities of neighbouring residents.

The previous variation application included conditions requiring an obscure glazed screen to the terrace and confirming that the air source heat pump was not approved. These conditions remain relevant.

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land Planning and Development (General Provisions) Ordinance, 2007 have been taken into account in the assessment of this application.

It is recommended that the application is approved.
