Conclusion/Brief comment:

The design and appearance of the extensions reflects the appearance of the existing dwelling and will respect the local built environment. The extension will not result in unacceptable overshadowing of any surrounding residential properties. The Juliette balcony to the south of the extension will face across land to the east which is recognised as domestic land associated with a nearby property but will not result in

unacceptable overlooking to this area of domestic land or any other adjoining garden areas.

The scheme will offer future occupiers with more flexible and adaptable accommodation that can respond to the changing needs of occupiers and it will be served by good sunlight/daylight.

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land Planning and Development (General Provisions) Ordinance, 2007 have been taken into account in the assessment of this application.

In view of the above it is recommended that permission is granted.
