

THE LAND PLANNING AND DEVELOPMENT (GUERNSEY) LAW, 2005
AND THE LAND PLANNING AND DEVELOPMENT (GENERAL PROVISIONS)
ORDINANCE, 2007

NOTIFICATION OF GRANT OF PLANNING PERMISSION

PROPOSALS: Install air source heat pump to south boundary.

LOCATION: Chez Nous, Route De La Mare, Castel.

APPLICANT: Mr R Corbin

This permission is granted under the terms of Sections 15 and 16 of the Land Planning and Development (Guernsey) Law, 2005 (the 'Law').

Date of Grant of Permission: 14/01/2026

This notification of grant of permission refers solely to the proposals referred to above as described in your application received as valid on 20/11/2025 and the drawings referred to below. This grant of permission is subject to the following conditions:-

Drawing Nos: Evans Architecture Ltd: 2310/03.05.

Application Ref: FULL/2025/1815

Property Ref: D010420000

Conditions and reasons:-

1.All development authorised by this permission must be carried out and must be completed in every detail in accordance with the written application, plans and drawings referred to above. No variations to such development amounting to development may be made without the permission of the Authority under the Law.

Reason - To ensure that it is clear that permission is only granted for the development to which the application relates.

2.The development hereby permitted shall be begun within 3 years from the date of grant of this permission.

Reason - This condition reflects section 18(1) of the Land Planning and Development (Guernsey) Law, 2005 which states that planning permission ceases to have effect unless development is commenced within 3 years of the date of grant (or such shorter

period as may be specified in the permission).

3.The development hereby permitted and all the operations which constitute or are incidental to that development must be carried out in compliance with all such requirements of The Building (Guernsey) Regulations, 2012 as are applicable to them, and no operation to which such a requirement applies may be commenced or continued unless (i) plans relating to that operation have been approved by the Authority and (ii) it is commenced or, as the case may be, continued, in accordance with that requirement and any further requirements imposed by the Authority when approving those plans, for the purpose of securing that the building regulations are complied with.

Reason - Any planning permission granted under the Law is subject to this condition as stated in section 17(2) of the Land Planning and Development (Guernsey) Law, 2005.

4.Noise associated with plant and machinery incorporated within the development shall be controlled such that the Rating Level, measured or calculated at 1-metre from the façade of the nearest existing noise sensitive premises, shall not exceed a level 5 dB(A) below the existing LA90 background noise level, including low frequency tones.? Rating Level and existing background noise levels shall be determined as per the guidance provided in BS 4142:2014+A1:2019.

Reason - The premises are close to residential property and a limit on the use is needed to prevent a nuisance or annoyance to nearby residents.

Expiry Date: This permission will cease to have effect on 13/01/2029 unless development is commenced by that date.

ADVICE AND OTHER REMARKS:-

Effect of planning permission:

Section 18 of the Land Planning and Development (Guernsey) Law, 2005 ('the Law') defines the effect of the planning permission hereby granted, namely:

(1) Planning permission ceases to have effect unless the development permitted by it is commenced within a period of three years immediately following the date on which it is granted (or such shorter period as may be specified in the permission).

(2) Planning permission enures for the benefit of the land concerned and of every person for the time being having an interest in it.

(3) Any conditions subject to which planning permission is issued are enforceable in accordance with the provisions of Part V of the Law.

(4) Planning permission for the erection of a building is only permission to use it for the purpose specified in the permission or, subject to any restriction so specified, for any other purpose for which it is designed.

(5) Planning permission is only permission to carry out the development specified in it (subject to any conditions so specified), and does not imply the giving of any other approval or consent required under this Law or any other enactment or under any rule of law.

Right of appeal against planning decisions:

Your attention is drawn to the provisions of Section 68(1) of the Land Planning and Development (Guernsey) Law 2005, which provides a right of appeal, on the merits against a decision to grant planning permission subject to conditions (except a building condition), to the Planning Tribunal, which is independent of the States of Guernsey. An appeal to the Planning Tribunal under section 68 of the Law against this decision must be made before the expiry of the period of six months beginning with the date on which the Authority made this decision. The official Appeal Notice Forms are available on the States of Guernsey website at www.gov.gg/planningpanel and must be completed with all enclosures in multiples as requested and received within the six months deadline.

Copy of representations made:

In reaching this decision the Authority took into account any written consultations made under Section 11(1) of the Land Planning and Development (General Provisions) Ordinance, 2007 ('the Ordinance'). A copy of any consultation responses made under section 11 will be included with this decision in accordance with section 19 of the Ordinance.

Other Remarks:

Please note that any work which abuts or affects the public highway requires prior approval by Traffic and Highway Services. Please contact Traffic & Highway Services (highways@gov.gg) for further advice. You must also ensure that any access/es to the development are constructed to meet the existing road/footway levels in accordance with their requirements.

This document is not a Building Licence and confers no approval under the Building Regulations.

A separate Building Control Licence may be required and it is the responsibility of the developer to ensure that ALL necessary consents are obtained and that any pre-commencement conditions are discharged prior to development being commenced.

OFFICER’S REPORT

Brief Description of the site:

The application site comprises an existing dwellinghouse, known as Chez Nous, and the land immediately to the west, recently approved as domestic curtilage. The site is set to the west of Route de la Mare.

The site is bounded by residential properties to the south and across the road to the east, a religious building to the north and by agricultural land to the west.

The site is located Outside of the Centres in the Island Development Plan.

Relevant History:

FULL/2023/0218 Change of use from agricultural land to domestic garden (352 sq.m.). approved 11/10/2023

FULL/2024/1423 Demolish outbuilding and shed, erect 1 1/2 storey outbuilding/dower unit with terrace area at 1st floor level to rear, to south boundary. Erect shed/outbuilding to north of property. Approved 19/11/2024

Consultation responses:

The Office for Environmental Health and Pollution Regulation initially commented as follows:

I have reviewed the proposed plans for the installation of an air source heat pump (ASHP) at Chez Nous, Route De La Mare, Castel and I am of the opinion there is currently insufficient information for me to fully assess the proposals.

Firstly, whilst the covering letter does include excerpts from the report by Sounds Advice Acoustics Ltd, to fully consider the application I would require to evaluate the report in its entirety.

Secondly, whilst the make and model of the air Source heat pump is detailed in the covering letter, I require the technical data sheet to consider its properties including the sound power level and/or sound pressure level ratings.

In order to for me to fully assess the application please provide the information as detailed above.

Following provision of additional information OEHPR comment as follows:

I recommend the following condition is attached to any consent granted for this application:

- Noise associated with plant and machinery incorporated within the development shall be controlled such that the Rating Level, measured or calculated at 1-metre from the façade of the nearest existing noise sensitive premises, shall not exceed a level 5 dB(A) below the existing LA90 background noise level, including low frequency tones. Rating Level and existing background noise levels shall be determined as per the guidance provided in BS 4142:2014+A1:2019.

Policies considered most relevant:

GP8 Design
GP9 Sustainable Development
GP13 Householder Development

Conclusion/Brief comment:

The proposed Air Source Heat Pump would be located within the established domestic curtilage of the property, adjacent to the south boundary of the site, behind the building line of the dwelling at the site and adjacent to the gable of an outbuilding located on the neighbouring property.

The ASHP would have no adverse visual impacts and the Office for Environmental Health and Pollution Regulation does not raise objections, subject to a condition controlling noise emissions.

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land Planning and Development (General Provisions) Ordinance, 2007 have been taken into account in the assessment of this application.
