OFFICER'S REPORT

Brief Description of the site:

The property known as 'Les Houguillons' is an early 20th century bungalow, which is set back from and faces north over Route de Pleinmont. The vehicular entrance is from the northeast corner of the site, at this junction the road runs downward along the north boundary and the drive runs parallel and goes up to the parking area in front of the dwelling. At the parking area there is an approx. 4m drop down to the road. There are detached neighbouring properties to the east west and across the road to the north. The property is located Outside of the Centres as defined in the Island Development Plan.

Conclusion/Brief comment:

This application is to retrospectively remove the hedge (the hedge actually slipped down the bank rather than ripped out by humans), and to erect a low timber fence for safety as it is a 4m drop.

The total height of the fence panels is just over 0.9m, they will be bolted to the existing low wall for a run of just over 4.3m. The location of the fence when viewed from the road will be minimal (0.53m) as it is quite high up and other vegetation will

screen much of the length of the wall, with only approx. 2m of fence visible from public vantage points.

The height of the fence is only just over the usual exempt height, it is due to the 4m drop on one side which requires planning permission. The main reason for the fencing is the dangerous drop, the low fence will mitigate the dangers without affecting the character of the area. Plus there will be no impacts on the neighbouring properties.

The proposals are considered to conform to the above policies of the Island Development Plan and grant of permission is recommended, subject to conditions.

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land Planning and Development (General Provisions) Ordinance, 2007 have been taken into account in the assessment of this application.
