OFFICER'S REPORT

Brief Description of the site:

The application site consists of a protected building, including no. 39/41, which fronts onto the High Street. The building contains an unoccupied office at third floor level.

The site is located within a Conservation Area as designated in the Island Development Plan.

Planning permission was granted in 2023 for a change of use from office to residential (Use Class 2) under application ref: FULL/2022/1260. The permission lapsed on 18th January 2026.

Planning permission is sought to renew the permission granted in 2023 to enable the change of use from an office to a residential flat.

As set out previously, the office is a standalone office and is not used in relation with other offices on different floors of the building. The proposed flat will be accessed from the High Street, as opposed to the Quay Steps.

Conclusion/Brief comment:

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land Planning and Development (General Provisions) Ordinance, 2007 have been taken into account in the assessment of this application.

The former application (ref: FULL/2022/1260) was granted in 2023 in accordance with the Island Development Plan policies. Since the grant of permission, there has been no material change in circumstances, including planning policy or Supplementary Planning Guidance (SPG), which could warrant a different decision.

On this basis, the proposal is still compliant with policies MC2, MC4 (A), GP4, GP5, GP8 and GP9.

It is therefore recommended that planning permission be granted, subject to conditions.
