Policies considered most relevant:

GP9: Sustainable development

GP13: Householder development

Conclusion/Brief comment:

By virtue of its siting, set back from the highway, and its low profile within the landscape, the existing dwelling does not form a prominent feature from public viewpoints. The extension and alterations to the dwelling achieves a satisfactory standard of design and would have no adverse effects on the character and visual amenity of the area. The proposal accords with Policy GP8.

Due to the distance to neighbouring properties and the positioning of fenestration, the proposal would have no adverse effects on the amenities of neighbouring residents.

Information has been submitted to demonstrate that the design has taken into account the use of energy and resources, in accordance with Policy GP9.

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land Planning and Development (General Provisions) Ordinance, 2007 have been taken into account in the assessment of this application.

It is recommended that the application is approved.
