OFFICER'S REPORT

Site Description:

The property known as 'Rockfort House' is a detached two storey 1970's dwelling which is set back from and faces east onto Rue de la Douzaine, part of Fort George. There are neighbouring properties to the north and south and across the road to the east, to the west beyond the garden is the Fort Field. The property is located Outside of the Centres as defined in the Island Development Plan.

Relevant History:

FULL/2024/0951 - Demolish existing dwelling, erect replacement dwelling with associated works, widen vehicle access and remove hedges and erect fencing – Approved July 2024 – Not implemented.

Existing Use(s):

Residential use class 1: dwelling house.

Brief Description of Development:

This application is to demolish the existing conservatory, extend and alter at ground floor level, relocate oil tank. Then erect pillars and gate to vehicle access.

The application was deferred in order to seek clarification/amendment in relation to the red line site boundary for the application site and the drawings were amended.

Relevant Policies of any Plan, Subject Plan or Local Planning Brief:

GP8: Design
GP9: Sustainable Development
GP13: Householder Development

Representations:

There has been one letter of representation received and the issues are;
'Please note that Savills act as the appointed managing agent for the Fort George Estate and I am therefore writing on behalf of the management company, Fort George Estate Company Limited. Kindly accept this e-mail as formal opposition to a planning application made by the Owner of Rockfort House, Rue de la Douzaine - Application Number FULL/2026/0021.

The objection is specifically in respect of the proposed gated access and posts to the vehicular entrance, and the proposed new boundary hedge along the east facing boundary. The rationale for this opposition, is that the proposed gated access, posts and hedging encroaches upon the 8ft (2.44mtr) verge owned by Fort George Estate Company Limited. The ownership of the verge is reflected on the attached plans and extract from the digimaps - strip of land numbered A41110A000.'

Consultations:

None

Summary of Issues:

- Design of the development.
- Impact of the development on the character and appearance of the area.
- Impact of the development on neighbouring properties.

Assessment against:

1 - Purposes of the law.

The objectives of the Law, as set out in Section 1(2), have been considered and this forms part of the assessment of policy issues as set out in 2 below.

2 - Relevant policies of any Plan, Subject Plan or Local Planning Brief.

The proposals include converting the existing garage into a fourth bedroom and ensuite, and erect a new kitchen and utility extension to the south elevation of the property. Adding a single storey new garage and store to the north elevation and replacing the conservatory with a sunroom.

Relocating the oil tank represents exempt works.

Since the deferral the entrance gate pillars have now been moved westward by a couple of metres, so they are now within the domestic curtilage and not on land belonging to the Fort George Estate Company Limited.

All of the proposals are considered to achieve a good standard of design, using materials which complement the existing materials. The extension will provide adequate levels of sunshine and daylight and give the occupiers more flexible and adaptable accommodation.

The scale and massing of the new extension is not considered to have a detrimental effect on the character and amenity of the surrounding area, nor will it have any impact on either of the immediate neighbours.

Confirmation has been received that the development proposed has been designed to take into account matters of energy efficiency and current Building Regulations in accordance with Policy GP9.

The proposals are considered to conform to the above policies of the Island Development Plan and grant of permission is recommended, subject to conditions.

3 - General material considerations set out in the General Provisions Ordinance.

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land and Planning (General Provisions) Ordinance 2007 have been taken into account in the assessment of this application. Where relevant the issues are considered in section 2 above.

4 - Additional considerations (for protected trees, monuments, buildings and/or SSS's).

The proposal would have no impact on Protected Buildings, Trees or Monuments or on SSS's.
