Conclusion/Brief comment:

Bella Luna is a protected building, as is the neighbouring dwelling, The Old Inn House which surrounds the property to the north and east. The Authority has a duty under Section 34 of the Land Planning and Development (Guernsey) Law, 2005, to secure so far as possible that the special interest of a protected building is preserved, and with respect to a protected building or any other building or land in the vicinity of a protected building, to pay special attention to the desirability of preserving the protected building's special characteristics and setting. With regards to the setting of protected buildings, this duty is encapsulated in Policies GP5 and GP8.

Taking into account that the proposal involves a change to the existing windows and doors at the side and rear, and the limited scale of the alterations proposed the

scheme would not harm the setting of any nearby protected buildings. The proposal accords with Policies GP5 and GP8 in respect of its impact on the protected building and on the setting of nearby protected buildings.

The proposal

All material considerations as set out in the Land Planning and Development (Guernsey) Law, 2005 and the Land and Planning (General Provisions) Ordinance 2007 have been taken into account in the assessment of this application.

The replacement door and frame are considered acceptable in relation to the above policies and other material planning considerations.
